FACULTY RECRUITMENT

Advt. WII/ADM/2012-13/17

The Wildlife Institute of India is a premier national institution for training and research in Wildlife Conservation and Management. The Institute is looking for bright candidates for filling up 02 (two) 'Scientists-C' (Group-A Scientific Service) posts on Direct Recruitment basis. The scientists would be eligible for career advancement under the Flexible Complementing Scheme (FCS) of Assessment Promotion for Group-A Scientists.

Applications are invited from citizens of India for filling up the above stated two scientific posts. The details are as under:

Post Code	Post , Pay scale, No. of Post and Reservation Category	Relevant Discipline in which the position is to be filled up	Minimum Educational Qualifications and Experience
A.1	Scientist-C Pay Band-3 (15600-39100) with Grade Pay of Rs. 6600 <i>One post – Unreserved</i> <i>One post – Scheduled Tribe (ST)</i>	Wildlife Science	Master's Degree in Wildlife Science/ Life Sciences with 03 (THREE) years experience in the discipline. OR Ph.D. in Wildlife Science/ Life Sciences with 01 (ONE) year experience in the discipline.

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehra Dun

Terms and Conditions:

1. The headquarter for the above posts would be Wildlife Institute of India (WII), Dehradun. However, the selected candidates would be liable to serve at any location decided by the Institute as per functional needs.
2. **Age:** Not exceeding 31 years in case of candidates possessing Master's degree and 34 years in case of candidates having Ph.D. degree as on **28th February 2013**.
3. **Age Relaxation:**
 - (i) A maximum of 5 years of age relaxation for the candidates belonging to SC/ST categories and 3 years age relaxation for the candidates of OBC category shall be allowed. Relaxation in age limit for other notified (special) categories of persons shall be in accordance with the orders issued by the Government of India from time to time.
 - (ii) A maximum of 5 years of age relaxation in age limit shall be allowed to Institute/ Government/ Autonomous Bodies/ University employees in accordance with the instructions and orders issued by the Government of India from time to time.
4. **Relaxation in Experience Qualification in respect of ST candidates:**

The qualification regarding experience is relaxable at the discretion of the competent authority in case of ST candidates, if at any stage of selection, the competent authority is of the opinion that sufficient number of candidates from ST communities possessing the requisite experience are not likely to be available to fill up the vacancy reserved for them. However, no relaxation shall be granted to ST candidates regarding Educational Qualifications.
5. As the job requires extensive traveling to forest interiors, high altitude and arduous terrains, only those candidates who are physically fit and willing to undertake such activities may apply.
6. Candidates working in Government/ Autonomous Bodies/ Universities should submit their applications through proper channel together with a certificate duly signed by the employer/forwarding authority. They may, however, send an advance copy of the application, in the prescribed format, complete in all respects, including postal order/Bank Draft by the due date.

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

7. Candidates will have to produce proof of details furnished in their applications at the time of interview and as and when required.
8. Applications received after the due date, without requisite fee, unsigned applications, incomplete applications and applications not in prescribed format are liable to be rejected.
9. Canvassing in any form will be a disqualification.
10. Mere fulfillment of the minimum advertised qualifications and experience requirement DOES NOT automatically entitle an applicant to be shortlisted for interview.
11. The Institute shall screen the applications received by the due date and organize a written test for shortlisting the candidates to be called for the interview. The written test for the eligible applicants shall be conducted in the Institute campus at Chandrabani, Dehradun.
12. The shortlisted candidates would be called for interview subsequently at Dehradun.
13. No correspondence will be entertained either with regard to the call for written test, interview and/or selection process.
14. It may be noted that if, at any stage, it is found that an attempt has been made by the applicant to willfully conceal or misrepresent the facts, his/her candidature may be summarily rejected and his/her employment terminated.
15. The date for determining the age limit/experience/qualifications shall be the closing date prescribed for receipt of applications.
16. The decision of the Institute in all matters relating to eligibility, acceptance or rejection of application, mode of selection will be final and binding on the candidates and no enquiry or correspondence will be entertained from any individual or his/her agency.
17. SC/ST/OBC candidates (not in Government Service), called for interview will be paid travel expenses (to and fro) limited to second class railway fare or bus fare chargeable by the shortest route from railway/bus station nearest to their place of residence or the place of commencement of journey, whichever is nearer to the place of interview. The reimbursement would be made on production of proof of journey and limited to travel within India only.
18. The communication by the Institute with the applicant will be through Registered Post/ Speed Post and email id given in the candidate's application.

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

19. **How to Apply:**

- (i) The applications should be sent in the prescribed proforma (**Annexure-1**) (neatly hand-written or typed out in A-4 size paper 210x297 mm) accompanied by crossed Indian Postal Order/Bank Draft of the value of Rs.500/- (Rupees Five Hundred only) drawn in favour of Director, Wildlife Institute of India, payable at Dehradun. Fee is non-refundable. No fee is payable by SC/ST candidates.
- (iii) Applications should be accompanied by self attested copies of certificates of age, educational qualifications, experience, and claim of belonging to SC/ST/OBC etc. The original certificates would be required at the time of interview.

Applications should be sent to the **Administrative Officer, Wildlife Institute of India, Chandrabani, Dehradun – 248 001 (Uttarakhand)** so as to reach on or before **28.02.2013**. Applications from abroad and from those in the Andaman & Nicobar Islands, Lakshadweep, State/Union Territories in the North Eastern Region, Ladakh division of the Jammu & Kashmir State, Sikkim, Panaji Sub-division of Chamba, Lahaul & Spiti Districts of Himachal Pradesh should reach upto **15th March 2013**. Applications should be sent only through Registered post/Speed post in a cover superscribed Name & Post Code and Advertisement No.

Minutes of the Third Meeting of the Screening Committee held on 29th May, 2013

The third meeting of the Screening Committee constituted vide WII Office Order No. WII/Adm/2012-13/17, dated 25.5.2013 was held on 28 May, 2013 and 29 May, 2013. The following were present:

- | | | | |
|-------|---|---|----------|
| (i) | Dr. V.B. Mathur, Dean FWS, WII | - | Chairman |
| (ii) | Dr. Vimal Kothiyal
Assistant Director General, ICFRE | - | Member |
| (iii) | Dr. V.P. Uniyal, Scientist-F, WII | - | Member |

53 candidates in the Open Category and 10 candidates in the ST Category appeared in the Written Test on 28th May, 2013, which was conducted smoothly in the Institute's Auditorium. The Committee examined the answer sheets of all 63 candidates who appeared for the test and the marks scored out of 100 are given in **Annexure-I**. The committee recommends that the top 15 candidates in the General Category (**Annexure-II**) and 10 candidates in the Schedule Tribe Category (**Annexure-III**) may be called for interview by the ICSAP on 13-14 June, 2013 at WII.

The meeting ended with a vote of thanks to the Chairman.

Minutes of the Meeting of Institute's Committee for Selection and Assessment Promotion (ICSAP) held in Wildlife Institute of India, Dehradun on 13th – 14th June 2013

The Institute's Committee for Selection and Assessment Promotion (ICSAP) met on 13th – 14th June 2013 at Wildlife Institute of India, Dehradun.

The short listed candidates were interviewed for the ICSAP. The recommendations of ICSAP for appointment as Scientist-C in the Pay Band-3 (15600-39100) with Grade Pay 6600 plus allowances under various categories in order of merit are as follows:

(1) **Un-reserved Category**

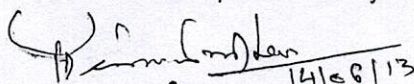

1. Dr. Abhijit Das – Recommended
2. Sh. Sutiatha Dutta – Wait Listed.

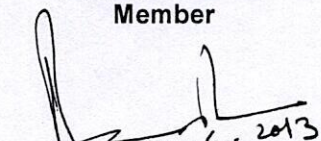

(2) **ST Category**

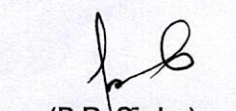

1. Sh. Salvador Lyngdoh – Recommended
2. Ms. Chongpi Tuboi – Wait Listed

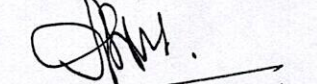

The marks given by the ICSAP to all the candidates who appeared for the Interview are placed as **Annexure – I & II**.

The ICSAP-I considered the case of Shri Mukul Trivedi, IFS (MH: 1997) presently working on deputation in the Institute for promotion from Scientist-E to Scientist-F on completion of 16 years of service with regard to the year of allotment in IFS cadre. As per the IFS guidelines regarding promotion, the qualifying length of service for promotion to the Grade Pay of Rs.8900 is 14 years whereas as per WII Notification No. DWII/690/2005, dated 6.10.2005 the length of service in respect of position of Scientist-F having Grade Pay of Rs.8900 is 16 years. At the time of his appointment to WII on deputation, he was not completing 16 years of service and therefore was appointed as Scientist-E. Now the officer has completed 16 years of qualifying service on 1.1.2013. Considering the ACRs of Shri Mukul Trivedi and his fulfilling the eligibility criteria for the length of service required for the post of Scientist-F, the ICSAP-I recommends his promotion from Scientist-E to Scientist-F from the date of his completion of 16 years of service on 1.1.2013.

FACULTY RECRUITMENT
Advt. WII/ADM/2018/46

The Wildlife Institute of India is a premier National Institution in the field of Wildlife Research, Conservation, Training and Management. The Institute is looking for bright candidates for filling up of Group-A Scientific 05 (five) positions of 'Scientist-C' on Direct Recruitment (D.R.) basis. The applications are invited from citizens of India for filling up of the following posts:

Post, Pay scale, No. of Post and Reservation Category	Qualifications, Disciplines and Experience
Scientist C: (05 Posts) - Pay Matrix: Level 11 (Rs. 67,700-2,08,700/-) 02 Post (Un-reserved) 01 Post (Reserved for OBC Category) (only for Non-Creamy Layer) 01 Post (Reserved for SC Category) 01 Post (Reserved for ST Category)	Master Degree in Wildlife Science/Life Sciences/Computer Science/Veterinary Sciences with 03 (THREE) years experience in wildlife research. OR Ph.D. in any of above fields with 01 (ONE) year experience in the above field.

Terms and Conditions:

INFORMATION PROVIDED
UNDER RTI

- The headquarters for the above posts would be Wildlife Institute of India (WII), Dehradun. However, the selected candidates would be liable to serve at any location within India as decided by the Institute as per functional needs.
- Age:** Not exceeding 31 years in case of candidates possessing Master's degree and 34 years in case of candidates having Ph.D. degree as on last date of receipt of application.
- Age Relaxation:** Relaxation in upper age limit shall be allowed in accordance with the Government of India, Ministry of Personnel, Public Grievances and Pensions (Department of Personnel & Training) OM No.1501282/2010-Estt.(D) dated 27.03.2012 as amended from time to time. However, the categories of upper age relaxations are as follows:
 - Scheduled Castes and Scheduled Tribes up to 5 years

ATTESTED
CPIO, Wild Life Institute of India, Dehradun

- (b) Other Backward Class (OBC) up to 3 years.
 - (c) Persons with disabilities up to 5 years.
 - (d) SC/ST Persons with disabilities up to 10 years.
 - (e) OBC Persons with disabilities up to 8 years.
 - (f) Widows, divorced/judicially separated women and who are not re-married up to the age of 35 years (up to 40 years for women of Scheduled Castes and Scheduled Tribes).
 - (g) Employees of Wildlife Institute of India/ Central and State Government/ Autonomous Bodies/Government Universities up to 5 years to those who have not rendered less than three years of continuous regular service in such departments.
 - (h) Up to maximum of 5 years to candidates of Jammu and Kashmir who have ordinarily been domiciled in the State of Jammu and Kashmir during the period from 01.01.1980 to 31.12.1989 (Any person intending to avail of the aforesaid relaxation shall submit the certificate from either District Magistrate within whose jurisdictions he/she had ordinarily resided or any other authority so designated in this behalf by the Govt. of Jammu and Kashmir to the effect that he/she had ordinarily been domiciled in the State of Jammu and Kashmir during the period 01.01.1980 to 31.12.1989).
4. The Other Backward Class (OBC) candidates for the purpose of Age Relaxation and Reservation will mean "Persons of OBC category not belonging to the Creamy Layer" as defined in Government of India, Department of Personnel & Training OM No.36012/22/93-Estt. (SCT) dated 08.09.1993 and modified thereafter. Candidates claiming the benefit of reservation under OBC category not covered under the Creamy Layer must furnish the OBC certificate duly signed by the competent authority and self undertaking by the candidate on or before closing date. Any deviation of the OBC Certificate from the prescribed format will not be accepted by the Institute and will lead such applications to be treated under Unreserved category age-wise, if they are otherwise eligible. Representations from candidates for reconsideration of their category at subsequent stages of the recruitment will not be entertained. The OBC (Non- Creamy Layer) candidates are required to submit requisite certificate in prescribed format (**Annexure-1**) of Government of India, from a Competent Authority issued on or after 01.01.2017. The name of the caste and community indicated in the OBC (Non-Creamy Layer) certificate must appear in the Central list of Other Backward Classes.
5. The period of experience in the requisite discipline/area of work shall be counted with effect from the date of acquiring the prescribed minimum Educational Qualifications required for the post. Period spent in wildlife research will be counted towards experience.
6. The job requires teaching, training and field research that involves extensive traveling to forest interiors including high altitude areas and arduous terrain.
7. Shortlisted candidates will have to produce original certificates cited in their applications at the time of interview, if called for.

UNDER RTI

8. **Last Date of Receipt of Applications:** The last date of receipt of online applications is **26th March, 2018 upto 1700 hrs.** Online applications from abroad and from those in the Andaman & Nicobar Islands, Lakshadweep, State/Union Territories in the North Eastern Region, Ladakh division of the Jammu & Kashmir State, Sikkim, Panaji Sub-division of Chamba, Lahaul & Spiti Districts of Himachal Pradesh is **2nd April, 2018.**

The hard copy of the application along with requisite documents should reach the Institute (Wildlife Institute of India, Chandrabani, Dehradun) on or before the **2nd April, 2018** and applications from abroad and from those in the Andaman & Nicobar Islands, Lakshadweep, State/Union Territories in the North Eastern Region, Ladakh division of the Jammu & Kashmir State, Sikkim, Panaji Sub-division of Chamba, Lahaul & Spiti Districts of Himachal Pradesh should reach the Institute by **9th April 2018.**

The candidates have to follow both online processes and the hard copy submission as described above, failing which their application will not be considered.

The applications received without application fee, unsigned application, incomplete applications and applications not in prescribed format is liable to be rejected.

9. The address for correspondence furnished in the application form is final and no request for change of address at a later date will be entertained.
10. Canvassing in any form will lead to disqualification.
11. Mere fulfillment of the minimum advertised qualification and experience requirement DOES NOT automatically entitles an applicant to be called for written test/interview.

12. Selection Process:

INFORMATION PROVIDED
UNDER RTI

- (i) The Institute's Screening Committee shall screen the applications received by due date and organize a written test for shortlisting the candidates to be called for the interview based on the qualification, discipline, experience and age. The written test for the eligible and shortlisted applicants shall be conducted in the Institute campus at Dehradun on **2nd May, 2018** between 0900 hrs to 1430 hrs. The Written Test will be of two hours duration having 60 objective type questions. Each question will be of one mark each. There will be a negative marking of 0.25 marks for each wrong answer. The written test will start at 1000 hrs. onwards on **2nd May, 2018.** Candidates are required to report on **2nd May, 2018 at 0900 hrs** in the Institute's Auditorium located inside the campus. The Written Test will comprise multiple choice/objective questions based on the syllabus of Institute's M.Sc Wildlife Science Course. For syllabus, candidate may see the Institute's website at (http://www.wii.gov.in/masters_wildlife_2_years and http://www.wii.gov.in/images/pdf/xiii_msc_syllabus.pdf).
- (ii) The first 20 candidates (for 02 Nos. posts of UR category) and first 10 candidates (for 01 post of OBC Category) and first 10 candidates for 01 post of SC category and first 10 candidates for 01 post of ST category in order of merit i.e. marks obtained in the Written Test will be shortlisted and called for Interview before the Institute's Committee for

- (iii) The result of the Written Test will be hosted on WII's website (www.wii.gov.in) within 24 hours after the written test and also placed on the WII's Notice Board.
- (iv) Candidates are requested to bring all documents in original along with two passport size photographs and self attested photo copies of all certificates while appearing for the Interview. In case of reserved category candidates, the original valid certificate should also be produced; failing which their candidature for the interview will not be considered. Candidates of 'OBC Category' need to bring the latest certificate issued on or after 01.01.2017 as required in Government of India rules.
- (v) The candidates are advised to come prepared to be present in Dehradun for at least 2 days i.e. **2nd and 3rd May, 2018** and to make their own travel and stay arrangements at Dehradun for the Written Test/Interview at their own cost. TA/DA will be paid to only SC/ST/OBC candidates for attending the interview once they qualify the written test. Any misrepresentation or falsification in the application and documents submitted will lead to summarily disqualification of the candidature.
- (vii) The documentation/certificates in case of the candidates who are called for interview will be checked/verified from the originals certificates. In case it is found that an attempt has been made by the applicant to willfully conceal or misrepresent the facts and does not fulfill the eligibility criteria, his/her candidature will not be considered and will not be allowed to appear for the interview. Candidates are required to furnish the declaration form as given in the prescribed application form.

13. No correspondence will be entertained either with regard to call for written test, interview and/or selection.

14. The candidates are advised to see the Institute website (www.wii.gov.in) from time to time for any instructions related to this recruitment process.

15. It may be noted that if, at any stage, it is found that an attempt has been made by the applicant to willfully conceal or misrepresent the facts, his/her candidature may be summarily rejected and his/her employment terminated.

16. The date for determining the age limit/experience/qualifications shall be the closing date prescribed for receipt of online applications i.e. **2nd April, 2018**.

17. The decision of the Institute in all matters relating to eligibility, acceptance or rejection of application, mode of selection will be final and binding on the candidates and no enquiry or correspondence will be entertained from any individual or his/her agency.

Basic Pay and Total emoluments drawn:
(for employed candidates)

13. Educational Qualifications starting with Higher Secondary (10+2) :

Exams passed	Name of the Board/ University	Year of passing	Subjects	Division	Percentage of marks obtained
--------------	-------------------------------	-----------------	----------	----------	------------------------------

14. If Ph.D., mention the following:

- (i) Title of thesis:
- (ii) University:
- (iii) Name of Supervisor(s):
- (iv) Date of award of Ph.D degree:

Space for
photograph duly
signed by the
candidate

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

15. Secondary and Tertiary skills, if any

16. Number and details of papers published

17. Number of books published

18. Total experience as on **2nd April, 2018** in years, months and days in the field of wildlife research.

(a) After M.Sc :

(b) After Ph.D :

19. Employment details (Chronologically from present position backwards)

Name of the Employer/ Organization	Full Address of Employer/Organization	Post held (with pay scale)	Period From* - To*	Total emoluments drawn	Nature of duties/ experience
------------------------------------	---------------------------------------	----------------------------	--------------------	------------------------	------------------------------

* Specify Month and Year

20. In case of in-service candidates, the applications has to be sent through Employer/Forwarding Authority as per **Annexure-3**, so as to reach the Institute within the deadline of **2nd April, 2018**. However, an advance copy may be sent to WII.

Annexure-3 applicable Yes () No ()

21. References: (Name and Designation along with contact address details including fax, email and mobile)

- (i)
- (ii)
- (iii)

22. Any other relevant information:

DECLARATION

I affirm that information given in this application is true and correct. I also fully understand that if at any stage it is found that any attempt has been made by me to willfully conceal or misrepresent the facts, my candidature may summarily be rejected and employment terminated.

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

1. Anders Møller carried out some elegant experiments on whether female European swallows choose their mating partners on the basis of their tail length. He divided all his experimental males randomly into the following four groups:

- Group 1: Males with their tail feathers made shorter by removing some part of them
- Group 2: Males with their tail feathers made longer by gluing additional feather sections onto their tails
- Group 3: Males with unchanged tails
- Group 4: Males that had their tail feathers shortened and then restored to their original length by gluing back the same feather sections.

Choose which of the four following possibilities or their combinations listed below could have been Møller's rationale for including the males of Group 4 in these experiments:

- A) To make possible a comparison of the survival rates of the two groups of males with similar tail lengths, one with glue treatment and the other without (Groups 4 and 3, respectively)
- B) To ensure that gluing back the feather sections did not cause any permanent damage to the males' tails
- C) To evaluate the effect of gluing back the feather sections on the display behaviour of the males with the shortened and the lengthened tails (Groups 1 and 2, respectively)
- D) To evaluate the effect of the application of the glue on the choosing behaviour of the females**

Answer: []

2. Why are warning colours used by potential prey species to indicate their unpalatable status likely to be conspicuous?

- A) Most toxic chemicals of biological origin that the prey species accumulate in their bodies are brightly coloured
- B) It is easier for the predator species to learn the association between the bright colouration and the unpalatable nature of the prey species**
- C) The bright colouration of the prey species allows the predators to detect the prey species from a relatively greater distance than would a dull-coloured prey species
- D) As most coloured, potential prey species are lepidopteran larva and spend much of their time foraging on brightly coloured plant material, their colouration has been selected for due to the camouflage it affords them

Answer: []

3. The mammary glands are modified _____

- A) Sweat glands**
- B) Sebaceous glands
- C) Hair follicles
- D) Reproductive organs

INFORMATION PROVIDED
UNDER RTI

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

4. What major dental adaptation distinguishes carnivores from other mammals?

- A) The development of sharp and strong incisors
- B) The development of shearing carnassial teeth**
- C) The development of strong canines
- D) The development of flat surfaced molars for maserating flesh

Answer: []

5. In a normal distribution, approximately what proportion of values lie two standard deviations of the mean?

- A) 95%**
- B) 99.7%
- C) 68%
- D) 5%.

Answer: []

6. In statistics, pseudoreplicating sampling units will result in the following

- A) Overestimation of degrees of freedom**
- B) Increased Type 2 error
- C) Underestimation of degrees of freedom
- D) Decreased power

Answer: []

7. In mark-recapture, the loss of marks on an animal between sampling sessions would lead to

- A) Underestimate of N, underestimate of p
- B) Underestimate of N, overestimate of p
- C) Overestimate of N, underestimate of p**
- D) Overestimate of N, overestimate of p

Answer: []

8. In community ecology, the following is not a measure of similarity.

- A) Jacquard's Index
- B) Morisita's Index
- C) Sorenson's Index
- D) Shannon-Weiner Index**

Answer: []

9. For an estimate of sample mean, a confidence interval of 95% is _____ a confidence interval of 90%.

- A) Equal to
- B) Narrower than
- C) Wider than**
- D) Narrower than or equal to

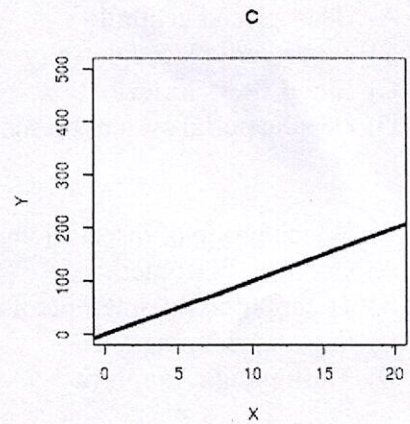

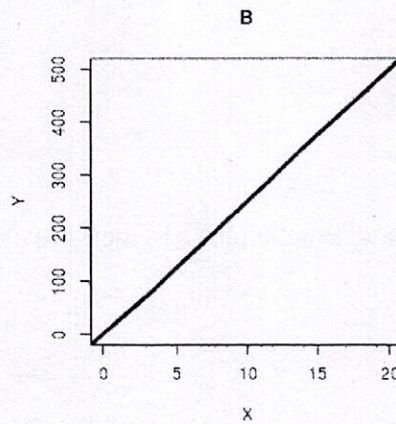

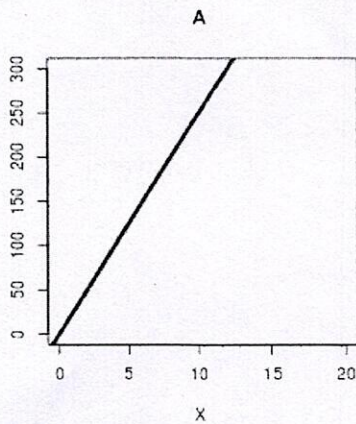

INFORMATION PROVIDED
UNDER RTI

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

10. Consider the following regression graphs

We can conclude that slope is maximum in _____

- A) A
- B) B
- C) C
- D) Both A and B

Answer: []

11. Say the probability of a tigress littering in any given year is 0.4 and there are 3 tigresses in a forest. What is the probability that **none** litter in any given year?

- A) 0.4^3
- B) $1 - (1 - 0.4)^3$
- C) $(1 - 0.4)^3$
- D) $1 - 0.4^3$

Answer: []

12. If the per-capita growth rate of a population is a constant negative number, then the population size will

- A) Stay constant
- B) Decline linearly
- C) **Decline exponentially**
- D) Not enough information to answer the questions

INFORMATION PROVIDED
UNDER RTI

Answer: []

13. A p-value is defined as

- A) The probability of the null hypothesis being false
- B) The probability of the null hypothesis being true
- C) **The probability of obtaining data as or more extreme assuming null hypothesis is true**
- D) The probability of obtaining data as or more extreme assuming null hypothesis is false

Answer: []

ATTESTED

CP/O, Wild Life Institute of India, Dehradun

14. What is true for Invertebrates:

- A) Heart placed ventrally
- B) Nerve cord placed dorsally
- C) Blood flows anteriorly**
- D) Hepatic portal system present

Answer: []

15. Which group of insects do not have aquatic phase in their life cycle

- A) Odonata, Plecoptera
- B) Trichoptera, Ephimeroptera
- C) Diptera, Hemiptera
- D) Mallophaga, Isoptera**

Answer: []

16. When people participate in joint analysis leading to action through formation of institutions, the type of participation is called

- A) Self mobilization
- B) Interactive participation**
- C) Passive participation
- D) Functional participation

Answer: []

17. Fish ladder as a mitigation strategy is used in

- A) Thermal power projects
- B) Water resource projects**
- C) Nuclear power projects
- D) Highway projects

Answer: []

18. A _____ study is a research method in which data is gathered from the same subjects repeatedly over a period of time

- A) Longitudinal**
- B) Cross sectional
- C) Diagonal
- D) Case

Answer: []

19. The following cannot be classified as a Provisioning Ecosystem Service:

- A) Fodder
- B) Pollination**
- C) Fuel Wood
- D) Honey

INFORMATION PROVIDED
UNDER RTI

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

20. Which of the following is least likely to be an adaptation for flight in birds?

- A) Diet consisting of energy-rich foods
- B) Eyes on the sides of head**
- C) Hollow bones
- D) Loss of teeth

Answer: []

21. The most common arrangement of toes on the feet of birds is

- A) All toes pointing forward
- B) Two toes pointing forward and two pointing back
- C) Three toes pointing forward and one pointing back**
- D) One two pointing forward and three pointing back

Answer: []

22. If a gene product in Species A is 90% similar to gene product in Species B, such genes are termed as

- A) Paralogous
- B) Orthologous**
- C) Perilogous
- D) Allologous

Answer: []

23. The inbreeding coefficient of offspring resulting from the mating between siblings will be

- A) 0.5
- B) 0.05
- C) 0.25**
- D) 0.75

Answer: []

24. Climate change has impacted certain ecosystems by changing species compositions. The major consequences of this could be:

- A) There will be no consequences if species are replaced by other species
- B) Increase in biodiversity but decrease in genetic diversity
- C) Changes in temperatures and rainfall regimes
- D) Changes in ecosystem functioning and services**

Answer: []

25. The technique of age estimation in amphibians and reptiles is called as _____ ?

- A) Chronobiology
- B) Skeletochronology**
- C) Histochronology
- D) Chronology

INFORMATION PROVIDED
UNDER RTI

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

26. Name the hormone that inhibits regeneration in amphibians.

- A) Gonadotropin
- B) Growth hormone
- C) **Thyroxin**
- D) Corticosterone

Answer: []

27. Mature RBCs in mammals are enucleated because

- A) Their stem cells lack a nucleus
- B) Increases protection against viruses
- C) Increases protection against bacteria
- D) **To facilitate movement through veins**

Answer: []

28. Which of the following statements about photorespiration is accurate?

- A) **It is most commonly seen in C3 plants**
- B) It is most commonly seen in C4 plants
- C) It is equally employed by C3 and C4 plants
- D) Neither C3 nor C4 plants employ photorespiration

Answer: []

29. Fish growth can be assessed by

- A) Weight of fishes
- B) **Length weight relationship with condition factor**
- C) Estimation through otolith
- D) Weight without gut contents

Answer: []

30. More endemic freshwater fish species are in

- A) Eastern Ghats
- B) **Western Ghats**
- C) Western Himalayas
- D) Indus region

Answer: []

31. Which geological era is popularly known as 'Age of Mammals'? **INFORMATION PROVIDED UNDER RTI**

- A) Paleozoic
- B) Mesozoic
- C) **Cenozoic**
- D) Precambrian

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

32. On which of these continents can you find extant Marsupials?

- A) Africa, Asia, Europe
- B) Oceania, South America, North America**
- C) North America, Europe, Antarctica
- D) South America, Antarctica, Oceania

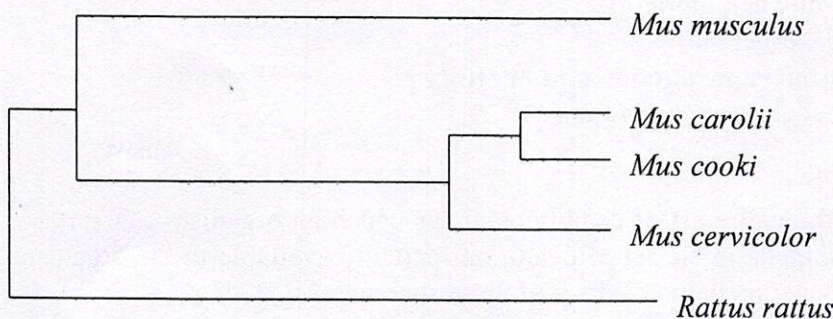

Answer: []

33. Hybridization could pose a problem for endangered species because:

- A) It will reduce genetic variation
- B) Hybrid individuals have higher fitness
- C) It will cause extinction
- D) It may disrupt co-adapted gene complexes**

Answer: []

34. Consider the following phylogenetic tree. Based on this tree, which of the following statements is NOT true?

- A) *Mus musculus* is the ancestral mouse**
- B) *Rattus rattus* is the most distant from all the *Mus*
- C) *Mus carolii* and *Mus cooki* diverged most recently
- D) *Mus cervicolor* is genetically equidistant to *Mus cooki* and *Mus carolii*

Answer: []

35. Among Indian forest types, the largest area is covered by

- A) Tropical Dry Deciduous Forests
- B) Tropical Moist Deciduous Forests**
- C) Himalayan Moist Temperate Forests
- D) Sub-Tropical Broad Leaved Forests

INFORMATION PROVIDED
UNDER RTI

Answer: []

ATTESTED

TPIO, Wild Life Institute of India, Dehradun

36.are found in the outer and middle ranges of the Himalayas, on limestone rocks with dry soil

- A) Boswellia forests
- B) Hardwickia forests
- C) Cane breaks
- D) Cypress forests

Answer: []

37. Which is known as a natural system of Plant classification

- A) Hutchinson system
- B) Engler and Prantl system
- C) **Bentham and Hooker System**
- D) Cronquist system

Answer: []

38. The three basic conditions required for natural selection to take place are

- A) Environmental change, heredity and mortality
- B) Gene flow, competition and extinction
- C) **Genetic variation, differential reproduction and heredity**
- D) Predation, differential reproduction and migration

Answer: []

39. The *fundamental niche* is the entire set of conditions under which an organism can survive and reproduce. The *realised niche* is the set of conditions actually available to the organism after taking into competition and predation. Which of these statements is true

- A) Fundamental niche and realised niche are usually the same size for an organism
- B) **Fundamental niche is usually bigger than the realised niche for an organism**
- C) Realised niche is usually bigger than the fundamental niche for an organism
- D) The information provided is insufficient to say anything about the relative sizes of the fundamental and realised niche

Answer: []

40. An example of density-independent factor for population regulation is

- A) **Drought**
- B) Emigration
- C) Predation
- D) Disease

Answer: []

41. Red Queen hypothesis is invoked to explain

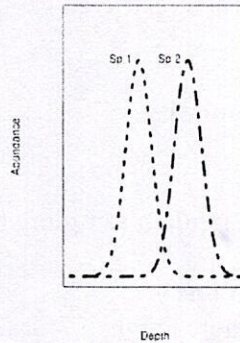

- A) **Co-evolution between prey and predator**
- B) Role of adaptive traits in diffuse competition
- C) Self-thinning of populations under environmental stress
- D) Evolutionary persistence of commensalism

Answer: []

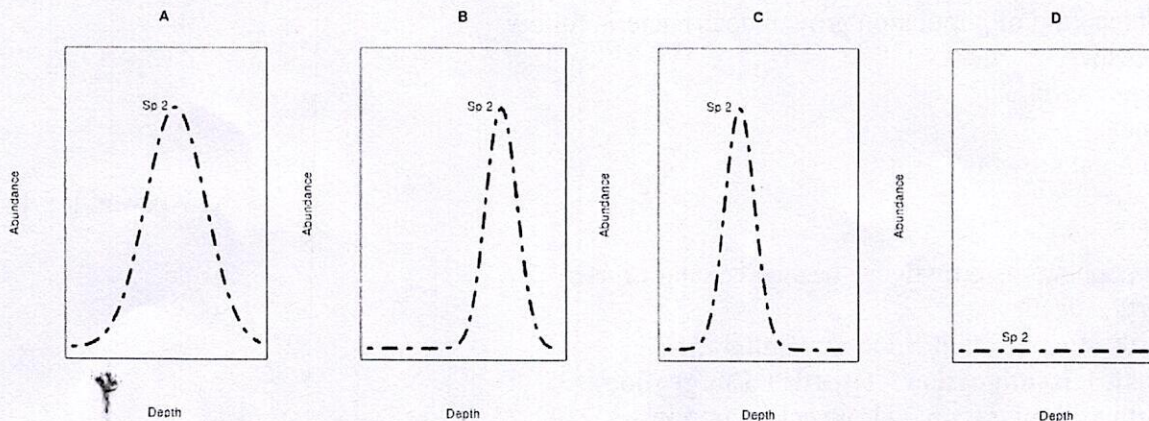

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

42. The following graph depicts the abundance of two competing seagrass species (Sp1 and Sp2) according to depth.

If Sp 1 is removed from the system, the likely graph for Sp 2 would be:

- A) A
B) B
C) C
D) D

Answer: []

43. Which dispersion pattern results from resources being unevenly distributed in environment

- A) Uniform
B) Random
C) **Clumped**
D) None of the above

INFORMATION PROVIDED
UNDER RTI

Answer: []

44. What happens when population nears carrying capacity

- A) Competition is no longer a factor
B) Resources naturally increase
C) Exponential growth occurs
D) **Resources become limited**

Answer: []

ATTESTED
[Signature]
CPIO, Wild Life Institute of India, Dehradun

45. Giant Panda females usually give birth to one young during each reproduction. What could be the reason?

- A) Trade-off between a small population size and restricted geographical distribution.
- B) A diet high in fiber.
- C) They mate only once in their lifetime.
- D) **Trade-off between parental care and fecundity.**

Answer: []

46. In which of the following would stratified random sampling be used?

- A) When the habitat is homogenous.
- B) **When you want to represent subpopulations.**
- C) When the terrain of the study site is extremely tough.
- D) When the time to conduct sampling is too short.

Answer: []

47. Which kind of population growth does bacteria follow

- A) Logistic
- B) **Exponential**
- C) Linear
- D) Minimal growth

Answer: []

48. A populations growth can best be calculated as

- A) Birth – death
- B) Birth - Immigration X Death - Emigration
- C) **Birth + Immigration – (Death + Emigration)**
- D) Birth + Immigration – Death + Emigration

Answer: []

49. Masting, the phenomenon of synchronous production of seeds in huge volumes in select years over large areas by some plant species, is believed to have evolved in response to

- A) **Seed predation**
- B) Stochastic fluctuations in resource availability
- C) Intraspecific competition
- D) Runaway selection

Answer: []

50. Forest and Wildlife subjects are in which list of the Constitution of India?

- A) Union list
- B) **Concurrent List**
- C) State list
- D) None of the above

Answer: []

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

51. Name any two species listed as Priority Species under Conservation Breeding Program by the Central Zoo Authority?

- A) Rhesus macaque and Wild Ass
- B) Pygmy Hog and Asiatic Lion
- C) Vultures and Great Indian Bustard**
- D) Clouded leopard and Bengal Florican

Answer: []

52. What are the essential fundamentals of enclosure design?

- A) Recreate wilderness, introduce wild animals and moated enclosures
- B) Aesthetic sense, food court, wilderness, large area
- C) Naturalistic enclosure, recreate wilderness and introduce founder animals
- D) Naturalistic enclosure, recreate wilderness and provide safe environment for animals, zoo staff and visitors**

Answer: []

53. Founder animals are important in Conservation Breeding Program for one of the following reasons:

- A) Maintaining genetic diversity within captive population**
- B) Suitable for release in the wild for reintroduction
- C) For use as control animals for behavioral study.
- D) To maintain stable behavior repertoire

Answer: []

54. Infectious diseases at the wildlife–livestock interface threaten the health and well-being of

- i. Wildlife
 - ii. Livestock
 - iii. Human populations
 - iv. All of the above
- A) iv**
 - B) i only
 - C) ii only
 - D) iii only

Answer: []

55. One of the biggest causes of mortality during translocations is

- i. Stress
 - ii. Dehydration
 - iii. Vaccination
 - iv. Immobilization
- A) i only**
 - B) ii only
 - C) iii only
 - D) iv only

INFORMATION PROVIDED
UNDER RTI

ATTESTED

CPIO, Wild Life Institute of India, Dehradun

Answer: []

56. Which of these is an example of ex situ conservation

- i. National Parks
- ii. Biosphere Reserves
- iii. Sanctuaries
- iv. Gene Banks

- A) All of them
- B) i, ii & iii only
- C) iv only**
- D) None of the above

Answer: []

57. According to principles of biogeography, an ideal Protected Area should have

- A) Longer periphery
- B) Circular shape**
- C) Small and manageable
- D) All of the above

Answer: []

58. In sun light, water rich in phytoplankton appears

- A) Red
- B) Green**
- C) Brown
- D) Blue

Answer: []

59. In GIS, Vector data consists of

- A) Point, line, Polygon**
- B) Satellite Imagery
- C) Landsat Imagery
- D) Quick bird

Answer: []

60. Choose the correct order of ecosystems from higher to lower values of Net Primary Productivity.

- A) Tropical rainforests > Coral reefs > Tundra > Temperate forests
- B) Tropical rainforests > Temperate forests > Coral reefs > Tundra
- C) Coral reefs > Tropical rainforests > Temperate forests > Tundra**
- D) Coral reefs > Temperate forests > Tropical rainforests > Tundra

Answer: []

Dr. V.B. Mathur, Director, WII & Member-Secretary ICSAP welcomed Dr. L.M.S. Palni, Chairman, ICSAP & all members of the Committee and said that this Committee was meeting for the first time after its re-constitution. He informed that as per provision of Rule 6.4 (iii) of the Institute's Recruitment and Assessment Promotion Rules for Group-A Scientific Posts – 2010, the quorum for this meeting was complete.

Member Secretary informed that the Institute had advertised for filling up of five posts of Scientist-C (02 in General Category; 01 in OBC Category; 01 in SC Category; and 01 in ST Category) in Pay Matrix Level 11 (Rs. 67,700-2,08,700/-) on a direct recruitment basis. He informed the members of the process of recruitment followed as per the provisions of Institute's Recruitment and Assessment Promotion Rules for Group-A Scientific Posts – 2010. He further informed that in an Interim Order in Writ Petition (S/B) No.166 of 2018 in the Hon'ble High Court of Uttarakhand at Nainital dated 1st May, 2018 in Dr. Ramesh Chinnasamy V/s Director, Wildlife Institute of India it has been directed that due to pendency of the said Writ Petition, the participation of the applicants in the written examination and their subsequent shortlisting for interview by the ICSAP will be provisional and the final selection for one post of Scientist-C in OBC category will be subject to the result of the said Writ Petition. Accordingly, all the applicants in the OBC category were informed of the said Interim Order as per the directions of the Hon'ble High Court of Uttarakhand.

After deliberations on the recruitment process and arriving at a consensus on the criteria of marking in the interview, 20 short listed candidates on the basis of written-examination conducted in the forenoon of 02.05.2018 appeared before the ICSAP on 2nd and 3rd May, 2018. The ICSAP assessed the candidates on the basis of (i) Domain Knowledge (ii) Research & Publications (iii) Teaching/Training Abilities and (iv) Overall Professional Competence and recommends as follows:

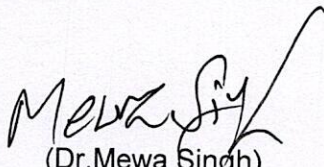

- A. **Scientist-C (Two Positions)** : **Un-Reserved Category**
- (1) Vishnupriya Kolipakam : Recommended for Appointment
- (2) Navendu Vinayak Page : Recommended for Appointment
- (3) Stotsa Chakrabarti : Wait listed 1
- (4) Roshni Aroon : Wait listed 2
- B. **Scientist-C (One Position)** : **OBC Category**
- (1) Nehru Prabhakaran : Recommended for Appointment
- (2) Alok Ravindra Chorghhe : Wait listed
