Sir,

Please refer to your application cited above under RTI Act, 2005. In this context, the required information has been received from concerned department and being furnished below:

Information Sought	Reply of WII
<p>WII is a revered Government institute running on our public money. Hence, I am writing this. Last month WII faculty recruitment came out which also required us to pay some fees. All of a sudden, a list containing LIST OF ELIGIBLE candidates has been published without telling us as to why we were rejected. In fact no scope for rectifying any plausible mistake was given to us. UPSC/NTA/NTA EACH and EVERY agency that is TRANSPARENT gives timeframe to candidates to rectify any mistake done while application but WII recruitment seems like a total sham. It seemed like WII was trying to create a pool of only certain tailored candidature. Agencies take application fees to check files and ask candidates for missing documents etc. But, WII took money to do nothing. IT is hurting us because all new ELIGIBLE RECRUITS will be feeding off OUR PUBLIC MONEY. We already know how previous recruitments have occurred in WII and it is high time that such internal preferences are done away with.</p> <p>My question : WHY was there no time reason given to not eligible students for their INELIGIBILITY and why was there no time given for people to rectify mistakes??</p>	<p>The information sought by the applicant as the reasons for not short-listing the candidates have been uploaded on the website.</p> <p>The advertisement mentioned that the recruitment process involved physical applications and incomplete applications will be rejected</p>
