Sir,

Please refer to your application cited above under RTI Act, 2005. In this context, the required information has been received from concerned department and being furnished below:

Information Sought	Reply of WII
Seeking for admission in masters programme at wildlife institute of India for session 2023 - 2025, i ,Priyanjali Singh had appeared for interview on 22nd of June. the result of the same were published 29 of June, i was placed at which my preference rank has gone down from third to fourth also there was addition of two new candidates. One among them was selected for the course and other has been ranked first preference in wait-list. On contacting the concerned officials (the course director and admission coordinator) i was told their names had come up during re-checking of candidates and errors in category listing. Despite their response I am not satisfied. I request the institute should publish a list of candidates based on merit and not category which would lead to a transparent, unbiased and reasonable selection procedure.	The candidate has not sought any specific information. Regarding the selection process, it is to inform that the institute follows the Government of India rules and regulations for the M.Sc. selection process. The criteria and policies were clearly mentioned in the advertisement itself.

In case, you are not satisfied with the aforesaid reply, you may appeal to the Appellate Authority as per details given below within 30 days from the date of receipt of this letter.
