Does it concern the life or Liberty of a Person ? :	No(Normal)	Request Pertains to :	
Information Sought :	<ol style="list-style-type: none"> 1. Please provide details on the EBSAs listed in the Convention on Biological Diversity database within Indian territorial waters and EEZ, including their names, geographical coordinates, and ecological significance. 2. Kindly furnish copies of the existing management plans and frameworks, if any, developed for each identified EBSA. Include details on conservation measures, sustainable management practices, and any relevant guidelines in place. 3. Include information on any stakeholder consultations, public participation, or involvement of local communities in the formulation or revision of management plans for these EBSAs. Provide the relevant documents recording such consultation. 4. What specific agencies or bodies are responsible for overseeing the implementation of these management plans in ESBAs? 5. How is the management of EBSAs different from the management of other marine and coastal ecosystems in India? 6. For what activities is extracting resources from ESBAs permitted? Are there any permitted methods for extracting marine resources within EBSAs? If so, please provide details about the regulations and limitations in place.
