| <b>Information Sought :</b>  | <p>Wildlife institute of India, Dehradun has published recruitment for the post of Scientist-C and maximum age limit for the same is mentioned as 31 years for General and OBC candidates for post graduates and for PhD candidates it is 34 years. When we see recruitment for scientist B post from other institute like ICFRE, NIHE and CPCB they all consider upper limit as 35 years of age. A lot of students will not be able to fill the form as some of them are pursuing PhD and exceed the age of 31. Kindly tell us what is the criterion the competent authority has taken to devise the upper age limit of candidates while all the sister institutes of WII, like ICFRE and NIHE allow the age of 35, but WII 31. this is in the interest of a larger number of talented unemployed scholars who are trying their best to get into the jobs. I have uploaded the recruitment notification of scientist B and C in NIHE, and highlighted the text where age is mentioned in APPENDIX-II</p> |  |  |
