Information Sought	Reply of WII
With reference to the advertisement number WII/ADM/2022/39 for the post of Scientist C, 1. The upper age limit for the Scientist C according to MoEFCC is 35, why WII has restricted to 34? is this criterion having any reason? 2. The advertisement number says the order has been sanctioned in the year 2022. With reference to that, why the advertisement is published in the year 2023? Since the advertisement belong to 2022, many applicants will lose their eligibility criterion in border. Will the organization consider those candidates whose upper ages are just crossed due to delayed publishing of the advertisement? Is this post is fixed for any internal candidate as usual?	As per the Section 2 (f) of RTI Act, Information sought by the applicant is interrogative in nature and does not falls under RTI Act.

In case, you are not satisfied with the aforesaid reply, you may appeal to the Appellate Authority as per details given below within 30 days from the date of receipt of this letter.
